Company Name

Logo Design

Logo design is an important area of Graphic design. The logo is not only made by image or text it can be both. For a Company logo is their immediate customer recognition.

JOHN SIMTH PHOTOGRAPHY

Visiting Card

Business cards are bearing business about company or individual. Here present formal introductions as a convenience and a memory aid. A business card typically includes the giver's name, with logo and contact informaiton.

Bi-Fold Brochure

Brochures are used for introduce a company or organization and inform about products or service to the target customers. Most common types brochures are the *bi-fold* (a single sheet printed on both sides and folded into halves)

Square Tri – Fold Brochure

A brochure usually uses high quality paper, more color, and is folded. Square Tri- fold brochure is one of then. It usually Square.

Tri- Fold Brochure

A tri-fold results in six panels (three panels on each side).

Bi-Fold Brochure

A catalog represents a collection of products that group into categories. Here all the product are displayed with variation of color design etc.

Letterhead Design

Letterhead usually consists of a name and an address, and a logo or corporate design and sometimes a background pattern.

Flyer Design

Flyer is also rightly known as a leaflet or a handbill. Flyers are best for small scale marketing and cheap way to get information out to a large number of people.
